Guardians for students under 18: TISOH recommends that students under the age of 18 have a guardian living in the U.S. In the event of personal emergency, accident, illness, or incarceration, the State of Nevada will require the signature of a guardian before assistance such as operations and legal counsel can be offered. The school is not permitted to act in place of the parent or guardian.

Confirmation of admission

Your admission to TISOH will be confirmed when you receive an official letter of admission with your I-20 documentation.

***Transcripts:**

High School and/or college or university transcripts must be submitted in English in order to verify successful completion of U.S. equivalent academic program. The transcript must include the date of graduation. A copy of your high school or higher diploma is acceptable also.

**** Proof of English proficiency:**

TOEFL score of 500 or a university-level English course taken at a U.S., Canada, U.K. or Australian university/college recommended but not required.

Be aware that the courses are taught in English and American students are present. Therefore an intermediate level of comprehension, speaking and writing is expected.

*****Proof of Financial Support:**

Proof of financial support or financial solvency is required. Strict Immigration Regulations severely restrict the employment of foreign nationals residing in the United States. Therefore, you must have adequate finances to support yourself while you are a student.

These funds may come from a variety of sources, including your own savings, a sponsor's savings (parent, spouse, friend), or loans. Please submit any ONE of the following items:

- You can provide a letter of certification from your bank that meets **all** of the following criteria:
 - It is written in English on bank letterhead.
 - It is showing a minimum of 5,000 dollars (U.S.) per month of study. This is the amount necessary to cover tuition and living expenses for the period. The funds are stated in U.S. dollars. We cannot accept statements that do not specific balances unless it is stated to be a minimum of six figures in U.S. dollars.
 - It is dated within 120 days of the program start date.
 - It is signed by a bank official.
 - It states *assets*, not *income*.
 - Every person named on the bank account (other than the student) must provide a letter of support stating that the funds in the account can be used to pay your tuition plus living expenses.

- If your parents or someone else will support (sponsor) you, then you must submit **a letter from that person that clearly states that your expenses will be taken care of.**

- It is dated within 120 days of the program start date.
- It is written in English.
- It states the sponsor's relationship to the student.
- It states specific bank account(s) to be used for support (identified by account number and name of bank).
- It states that the funds in that account are to be used for tuition and support.
- It is signed by the sponsor.

A notarized [I-134](#) form to be completed by your financial guarantor,
if your guarantor is a US citizen or resident

- If you receive government financial aid or will take a student loan from your home country, you must submit an original document verifying those funds. Please be aware that TISOH does not offer financial assistance to international students.

******Immigration Documents:**

If you are physically in the United States when you apply for admission to TISOH, you must comply with this requirement.

Physically in the United States means that you are visiting or you are transferring to TISOH from another school in the U.S (you can only transfer between M-visa schools offer programs in the same field).

You must submit the following documents:

- 1) A copy of the U.S. visa page.
- 2) A copy of your I-94 (departure record).
- 3) Copies of all previous I-20 forms (transfer students only) issued by other schools.
- 4) Transfer Form (transfer students only) indicating your SEVIS release date.
- 5) Official transcripts (transfer students only) for all U.S. colleges and universities attended.

*******SEVIS Fee:**

Student Exchange Visitor Information System (SEVIS) is the Internet system that maintains information on non-immigrant students, exchange visitors, and their dependents. The fee-supported system enables schools and program sponsors to transmit information to the Immigration and Customs Enforcement and Department of State (DOS) throughout a student or exchange visitor's stay in the United States. This information includes status changes such as admission at Port of Entry, change of address, change in program of study, and other details.

Once you have received your Form I-20, the USCIS requires that you pay the SEVIS fee before applying for a student visa. If you are already in the U.S. and are applying to change your status, you must pay this fee prior to submitting your change of status application.

The easiest way to pay the SEVIS fee is at www.fmjfee.com. You will be given the option to pay by credit/debit card, check, or money order drawn on a financial institution in the United States and payable in U.S. currency. A receipt will be provided when you pay online. Be sure to **print it**—you will need it for your visa interview. A receipt will also be mailed to you, but you may not receive it before your visa appointment.
